This game broke my achievement pop-up's dromen stream.

IGN 10/10. You get what you paid for, 5K achievements at minimum price. If you\u2019re an achievement hunter looking to increase the number of achievements on your profile showcase, then I highly recommend buying this. Else don\u2019t waste your money. This is not a game, it\u2019s just a way of distributing achievements.. 5,000 achievements in less than 2 minutes. Very nice.. I should have paid closer attention to the description. This is NOT a game.

meh, it was almost free.. Take the achievements (they unlock in 2 minutes) and uninstall. Don't even try to play! You won't make it past level 5, which is broken and it seems it will stay that way.

IGN 10V10. Just open the game and you get almost 5000 achievements. You only need to wait maybe one minute and then restart the game for the last 25 achievements.. 5000 achievements in less than 5 mins.Good time pass anyway
