About This Game

As World War II draws to a close, the first covert battles of the Cold War begin. Caught in the life and death struggle between Soviets and Germans in war-torn Berlin, you control the fate of a lone American OSS Sniper. Disguised as a German and working deep behind enemy lines you must stop Stalin's forces from gaining control of Germany's nuclear secrets. Prepare to alter the course of history.

Authentic World War II sniper simulation featuring realistic weapons, bullet ballistics and sniping skills

- Massive single player game with 28 heart-pounding missions
- Intense 8-player LAN sniper battles including Deathmatch, Team Deathmatch and Assassination game modes

-
- 3rd person view for close quarter action and movement - 1st view person for sniping
 - Options to take account of gravity, wind, posture, heart-rate and breathing to execute the perfect shot
 - Multi-angle 'Bullet Cam' for kill confirmation
 - Non linear game play provides unique action each time a mission is played

\u2611Perfect. Really slow and clunky game. I get it's old and Rebellion got better at making games since the new ones are pretty darn fun, but this is one of those games that should just be remembered for nostalgia, not really played for fun. Don't let

those rose tinted glasses fall off and pick this up...
